THE EXIT

STRATEGY

April 9, 2022

Ronald Richardson, Youth Pastor

THE EXIT STRATEGY

purpose & objective

This event is intended to gather the inner city youth of Lynchburg and surrounding areas to experience a small taste of what to expect in the real world! We have stations set up with real professionals in the workforce to help explain how to make it in the world today.

1

TEACH

To teach the youth of this generation how to conduct business and how to budget their money

2

EXPERIENCE

To give them an experience with what to expect when in the real world

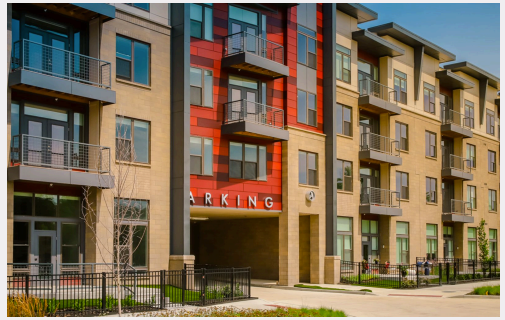
3

HOPE

To give hope for what can be attained with hard work and good stewardship of finances

JOB

Each youth in attendance will be given an occupation to choose from. With the salary of that occupation, the youth will have to purchase necessities to survive.



HOUSING

Have property manager(s) at the event to explain what is needed to rent an apartment or home.

CARS

BMW/Mercedes Benz of Lynchburg will come and bring cars to the event and explain the car buying process.

Stewardship

There will be a session taught on stewardship, budgeting.

Stations

There will be various stations set up for each youth to visit. Car insurance, electricity, bank(s), car maintenance, entertainment, etc. This is where they will be able to purchase what they need and will need to budget! They will have an option to not purchase what is necessary, but there will be consequences if they neglect a need. Just like in the real world!

Food

There will be food served at the event.

Fun

We want everyone participating to learn and have fun in the process!

develop

We're committed to the development of our youth.

teach

We're committed to teach and train our youth.

equip

We're committed to making sure they are equipped with what they need to make it in the real world.
